## SHALL OUR REPUBLIC ENDURE?

W. C. T. U.

Our country, as the United States of America, is scarcely more than a century old. The emancipation of the American Colonies from the domination of England but a century and a quarter; and yet now, as we near our national holiday, we are one of the most powerful nations of the earth.

For nearly a thousand years the flag of our mother country "has braved the battle and the breeze." How long will "old glory" wave over a united and prosperous Republic? Our hearts would answer "forever." Our patriotism says that "Union and Liberty" in this land must never die. Yet change and death has been the common fate of nations. Republics not excepted. What are our prospects, as judged after a century of growth and trial? Such questions must be answered by the light of history and reason.

History is said to be "philosophy teaching by example." And her teachings are plain. So far, our country, although in peril of dissolution at least once, has triumphed over the political and national storms of the past, and seems to be still but a vigorous youth, destined for an immortal manhood.

Her principles of liberty and virtue, upon which she started, are sound. Her association of states, with a central government, admirable, and her constitution well adapted to the preservation of her principles. Our Republic is founded upon the virtue, intelligence and industry of the individuals composing the whole commonwealth. As long as the morals of a nation, as a whole, are sound, it must endure. Should, however, great wealth, luxury and licentiousness prevail to a great extent, so as to overcome the majority of the people, then the foundations of the great Republic will be undermined. Too much luxury must weaken industry; immorality and licentiousness must weaken virtue. A craze for material things as above moral and intellectual wealth must lead to national decay. A devotion to the sensual above the spiritual and educational, must injure any people. Our common school system is a great safeguard to liberty. Above all, the Christian religion, and the religious devotion of our people, is the greatest anchor of hope for our country's survival. When religion gives way to skepticism, and intelligence to ignorance, and the Sabbath is destroyed then we may well tremble for our Republic.

Unlimited immigration of irreligious and ignorant peoples is a great menace to liberty. A thousand millions of dollars spent yearly for alcoholic drinks that curse our people, is another great menace. Civic and legislative corruption and bribery is a third serious menace to the perpetuity of free institutions. Under this head also comes the bribery of the voters, undermining the purity of the ballot and the will of the honest citizen. Luxury, infidelity, political corruption, intemperance and immorality are the ever gnawing worms of destruction at work at the roots of the tree of civil and religious liberty, that threaten the ultimate downfall of our glorious Republic.

## FEARLESS AND INDEPENDENT.

The Chicago Record-Herald is a conspicuous example of the success with which the public rewards fearless nonpartisanism in the columns of a great metropolitan daily paper. It is an independent newspaper, in which men and measures are invariably viewed wholly from the standpoint of the public good and not from that of the interests of any particular political party. It is the very reverse of neutral—fearless and outspoken on all questions of the day, but presenting its editorial opinion upon independent judgment and entirely regardless of political affiliations. Partisanship is barred as strictly from the news columns as from the editorial page. All political news is given without partisan coloring, thus enabling the reader to form correct conclusions for himself. In the ordinarily partisan newspaper political news is ordinarily colored to such an extent as to make it difficult if not impossible for the reader to secure a sound basis for intelligent judgment.

Fred and Roy Haines, of near Xenia, were Sunday guests of their aunt, Miss Sarah Wolford.

## OPENING OF COLLEGE.

The tenth year of Cedarville college will begin September 16 at 9:30 a. m. Rev. David McKinney, D. D., of Cincinnati, will be president of the faculty. No one has been elected to the vice-presidency made vacant by the decease of Rev. J. F. Morton. Prof. McChesney will be the secretary and have classes in Latin, Greek, Ethics, and Psychology. Prof. Jurkat is the registrar and will have classes in German, French, Hebrew, Latin, Greek and History. He also has charge of the book department. The college keeps on hand all textbooks used, and students can purchase them at the college as cheaply as at any other place. Miss Mary Ervin, who taught so successfully last year and who took a course in Latin and English in Chicago University this summer, will have charge of classes in Latin and Rhetoric. Miss Mary Olive Eddy, A. B., A. M., graduate of Wooster University in the class of '98, and having five years' experience in teaching will have classes in all the mathematics and astronomy. Miss Florence Smith, B. S., M. S., graduate of Indiana State University, Bloomington, in the class of 1901, and having two years' experience in teaching and a four years' course in Physics and Chemistry each, will have those branches and English Literature and Zoology. Mr. J. R. Fitzpatrick, who has been a student of the college for five years, and is in the next graduating class, having marks of distinction and honor in his class work, will be the tutor in General History and Physical Geography. Miss Belle Beazelle, of Cincinnati, who has been the popular and proficient head of the music department for nine years, will be at her post of duty on the opening day, with a full list of students under her instruction.

Prof. Frank S. Fox, A. M., principal of the Columbus school of oratory, will have charge of the department in elocution and expression. All who expect to take lessons under him should report by the first of September to Prof. McChesney. Prof. Stokes, of Cincinnati, who did such fine work in art last winter and spring, will return, provided he secures enough students to justify it.

The financial condition of the college is good, and the outlook for the coming year is as bright and hopeful as it ever was, while the teaching force is larger and better equipped than ever before. Parents can do no better considering the low expense and advantages than at Cedarville college.

## ROMANTIC MARRIAGE.

The marriage of Mr. Houston Cherry and Miss Clara Jackson was quite a surprise to their many friends. A telegram was received last Saturday that they were married at Niagara Falls. The marriage of this popular couple was not only a surprise to their friends but to their parents also. They had gone to this famous resort on an excursion and rather than wait until fall, as it is stated they were to be married then, they were married shortly after their arrival. Mr. Cherry is the son of David Cherry, a prominent Greene county farmer while Mrs. Cherry is the daughter of Andrew Jackson and she has for several years been a teacher in the public schools. The couple have arrived home and are receiving congratulations from their many friends. It is stated that the couple will go to housekeeping on a farm belonging to the groom's father.

### Ayer's Hair Vigor

This falling of your hair! Stop it, or you will soon be bald. Give your hair some Ayer's Hair Vigor. The falling will stop, the hair will grow, and the scalp will be clean and healthy. Why be satisfied with poor hair when you can make it rich?

My hair began to fall out, and I tried Ayer's Hair Vigor, and only one bottle stopped the falling. New hair came in, and it is a little curly. Mrs. J. M. Smith, Chicago, N. Y.

## CINCINNATI FALL FESTIVAL.

Cincinnati, August 20th.—Great Ivan, Chief of the Mystic Order of Ivan-Nic-Nic, has proclaimed the date of September 8th for the annual night pageant of the Nics. Symptoms of unusual activity have for some time been manifest among those suspected of belonging to the order. Not long since, quiet citizens taking an evening stroll, were astonished by the unexpected procession of the Nics, making a pilgrimage to the new lodge, cave or den, whichever it is. The streets were suddenly illumined by the blaze of torches and columns of red fire, revealing hundreds of curiously clad, masked figures marching arm in arm, dancing, singing and keeping brisk time to numerous bands of music, which enlivened their progress. They vanished as mysteriously as they came and none were adventurous enough to follow them. By-standers professed to recognize among the frolicsome crew, staid business men, merchants, brokers and more than one political leader. The Fall Festival Association, to a man, is said to be implicated in the doings of the Nics; at least that is what other people say, for the Nics never say anything in public, and the identity of each one is maintained a profound secret. One of the events of the Fall Festival is the annual parade of the Mystic Order of Ivan-Nic-Nic, which draws thousands of visitors to Cincinnati on that day. Although of comparatively recent origin, their Night Pageant surpasses anything of the kind given in America. Great Ivan has been graciously pleased to announce that there will be a series of twenty floats of allegorical design, illuminated by 5000 incandescent lights. The subject illustrated is one familiar to all, even to the children, whose special delight is this beautiful pageant, for them a realization of Fairyland. Bands of music will accompany each float, which will be surrounded by outriders in costume, and grooms carrying torches. A word to the wise—come early, if you wish to secure good places, for the fame of the Ivan-Nic-Nic pageant is great in the land and thousands will come to Cincinnati on September 8th especially to see it.

## STRUCK A STUMP.

The Xenia saloonists have struck a stump again, since their places were raided several weeks ago. They were supposed to be selling soft drinks, that is those which contained no more than two per cent alcohol. The officers raided the different places and sent the samples to the Dairy and Food Commissioner at Columbus for analysis. The report has been received and there was more than two per cent, some of the samples having nearly six per cent alcohol. Seven saloonists have been arrested, charged with selling and furnishing intoxicating liquors, their bonds having been fixed at \$200 each. With the officers and Committee of One Hundred after the saloon men of Xenia it looks as though they will have rough sledding. Some of them have at present two and three cases each in the courts.

Mrs. Wallace B. Flint, of New York City, is the guest of her sister, Mrs. Wm. Clemans and other relatives.

Mrs. L. L. Aitken and daughter, of Colorado Springs, Col., are expected here Saturday morning, where she will visit with her parents, Mr. and Mrs. J. W. Pollock. Mr. Aitken is expected later.

B. G. Rigway was in town Wednesday, looking after the packing of his household goods which will be taken to Dayton some time this month. Mr. Rigway has purchased property in the beautiful suburb of Riverdale and expects to make his future home in Dayton.

## PLEASE PASS THE PETITION.

We are informed that a petition is in circulation asking the state authorities to condemn the reservoir west of town belonging to the Hagar paper company, these basins being used to deposit the wash water from the company's plant. For several years the company emptied this water into Massies creek and during the summer months when the water was low it became very stagnant. To do away with this the paper company has constructed two large reservoirs and are allowing all waste water to empty into them. There is in the lower basin a drain which carries the water away after it has passed through several feet of filter, composed of straw and sand. It seems that the objection to these basins is that they breed mosquitoes which are nuisance to any town or neighborhood. The question now arises, where did our mosquitoes come from before the basins were constructed, and are the mosquitoes that sit each night to residents of hundreds of cities over the country all bred on the banks of Massies creek? We have not seen the petition but we learn that the State Board of Health will be asked to do away with these basins in order that we will have no more mosquitoes. Springfield has just been having a plague of flies and it certainly couldn't have been possible for these little fellows to have been reared in these basins alone. Now really which is the worst, a mosquito or a fly? How about a pesky fly during the afternoon nap? Or what's more vexing to a baldheaded man in a Sunday pew than a fly? Will someone please pass this petition to ask the State Board of Health to exterminate the fly and not leave it here to torment man or beast.

## A NEW RAILROAD.

A called meeting of council was held Wednesday evening for the purpose of passing an ordinance granting a twenty-five year franchise to the Springfield Southern and Cincinnati Railroad company. All members of council were present and the ordinance passed through without any trouble, though the members of council spent considerable time in discussing several items of the ordinance. The rules were suspended and the ordinance passed without a single objection. As the meeting was called for this purpose there was no other business transacted. Messrs. G. H. Frey, of Springfield, and Andrew Jackson of this place made several short speeches explaining the franchise and what the road had already accomplished. They assured the members of council that the road was a "sure go" for the money was already raised. The ordinance can be found in this issue and is well worth reading.

Rev. W. R. McChesney left Thursday morning for Idaville, where he will assist Rev. Thomas Turner in communion, Sabbath. On Thursday evening occurred the ordination and installation services of Rev. Turner of the Idaville R. P. congregation. Rev. Patton, of Columbus, preached the ordination sermon and gave the examination in theology. Dr. McKianey gave the charge to the people and examined on church history and apologetics while Rev. McChesney delivered the charge to the pastorate and examined on the languages.

## R. F. D. SITUATION.

The Post Office Department has issued orders several places that all rural routes not having 100 boxes must be discontinued within 10 days. Our postmaster has received an inquiry as to how many boxes each route now has, and he says the next thing will be an order to raise each route to 100 boxes or discontinue. Now there are plenty of houses on each of our three routes to make out 100 each, and it stands all those who have boxes in hand to see that each house gets a box or get one for them if they cannot afford one. Several farmers say they would not do away with the route if they had to buy ten boxes, and more than that, several farmers have already purchased boxes for their poor neighbors or tenants. Now all farmers who appreciate rural delivery, help your poor neighbor or if you have no poor neighbor hand money to rural carrier or postmaster and they will see that someone gets a box that needs it. You only do the small end of it anyhow. All Uncle Sam asks of you is to provide a suitable box to receive your mail and he will deliver it about 311 times per year reserving only New Years and 4th of July. Our three routes lack about 94 boxes of making 100 each. No. 1 lacks 26 with 35 extra houses without boxes. No. 2 lacks 40 with 42 houses without boxes and No. 3 lacks 28 with 45 extra houses.

## FORGED THIRTY CHECKS.

Sunday's Enquirer gives an account of the forgery of thirty checks amounting to about \$1000 by George M. Campbell against Richard Fitzgerald, superintendent of the Chicago Junction Railway company, a man well known here. Young Campbell is a son of Judge Campbell and was a claim agent of this road until June 16. He secured from the Drovers' National Bank a blank check-book, ostensibly for Mr. Fitzgerald. A fast life is responsible for the young man's deeds he having forsaken his wife and child. Campbell was bound over to the criminal court in the sum of \$3500. Judge Campbell, father of the alleged forger, visited his son at the prison and pleaded with him to forsake the woman who is claimed to be responsible for his downfall.

Miss May Raney, daughter of Sam'l Raney, was called to Fairfield, Iowa, last Saturday, owing to the sickness of Mr. Clay Raney, a prominent attorney at that place. Word has since been received that he died Wednesday afternoon. Miss Raney was a stenographer in her deceased cousin's law office.

## ANNUAL MEETING.

The annual meeting of the Greene County Mutual Insurance Association last Saturday shows that this corporation has just passed another very successful year. Reports show that the losses for the year amount to only \$25 and the deficit for the year being so small there was no assessment ordered, consequently patrons of this company receive their insurance practically free.

The association began business May 1, 1897 and the total assessments to date have been only \$11.83; per thousand for insurance. The amount of insurance in force is \$210,000. The following persons constitute the Board of Directors: For three years, Oliver Garlough, Geo. W. Rife, J. H. Stormont; two years, H. N. Coe, J. C. Stormont, Henry-Kyle; one year, J. W. Pollock, J. H. Creswell, John C. Williamson.

The directors elected the following officers for the coming year. President, H. N. Coe; secretary and treasurer, J. H. Stormont. With such a list of men on the board of directors and two popular and painstaking men as president and secretary, it is any wonder that a flattering report was given at the annual meeting of the Greene County Mutual Insurance Association.

## DEATH OF J. N. ERVIN.

The many friends here of Mr. Jas. N. Ervin, a prominent business man of Xenia, were shocked to hear of his sudden death, Thursday morning. On that morning he arose early and was in the yard feeding chickens. He was discovered by his wife, who found him lying in an unconscious condition. Neighbors were called and Mr. Ervin was taken into the house, where physicians endeavored to restore him to consciousness, but he died not rally, and at 8:45 o'clock his spirit passed to the great beyond. His physicians pronounce his death due to uremic poison. Although a man of large physique, he did not complain of any sickness.

Mr. Ervin was a man well known to Cedarville people, he having been engaged in the milling business here, with his half brothers, under the name of Ervin Bros. In 1895 the brothers sold out and left for Xenia, where they purchased an elevator and flouring mill. In 1899 they purchased the Old Town Mill and have since been operating both plants.

Mr. Ervin was the son of Mr. and J. M. Ervin, both of whom are dead, his father having met his death in an elevator accident in 1892. Besides his wife, he leaves two children, Ruth and Carl; two half brothers, Charles and John H., and a half sister Mrs. Dr. Ralston of Bellefontaine, Ohio.

The funeral will take place tomorrow (Saturday) afternoon at 1:30 o'clock, at the family residence, in Xenia; interment in Massies Creek Cemetery.

William Ewry and wife returned to Loveland, Tuesday. Mr. Ewry has sufficiently recovered from his attack of typhoid fever as to return to his home.

William Northup, straw buyer, for the Hagar Paper company, is riding around in a new automobile to be used in his travels over the country. The motorcycle has been laid aside.

## LIST OF LETTERS.

SHR DIDN'T CARE.

Maplehill, Ia., Aug. 10.—"I felt as though I didn't care whether I lived or died, I was so miserable all the time."

In these words does Miss Nellie Barfoot of this place describe her condition. Every woman who is, or has been sick and suffering will understand and appreciate just how Miss Barfoot felt, and there are no doubt many thousands of similar cases.

It is truly an awful thing when a woman gets so low that she can say "I don't care whether I live or die."

But Miss Barfoot tells a different story today, and her words should guide every suffering woman to the path of health and happiness.

"I used Dodd's Kidney Pills, and I am cured. I feel like a new person, and I would say to every woman suffering as I did, give Dodd's Kidney Pills a trial and you will not be disappointed. They are worthy of the highest praise."

Advertising is the drill that sooties the seeds of success.

## OHIO STATE FAIR.

The greatest State Fair and Industrial Exposition ever held in Ohio or in any other state will open its gates at Columbus, on Monday morning, August 31, the exhibition to continue five full days. This is to be a great Centennial Jubilee occasion and the people are interested as they were never before interested in an Ohio industrial event.

Every department of the great fair will be filled with the best and latest produced, shown in properly classified arrangement for intelligent study.

A big program of free special attractions will be presented each day, and there will be no cessation of interest from the hour of opening until the hour of closing.

The railways have granted a half rate fare from all points, tickets good for the week, besides which there will be many popular excursions over most of the lines. Under the complete program arrangement, there is no choice of days. Every day will be the big day.

## FACTS AND OPINIONS.

BY FARGO.

German scientists claim to have discovered that the enormous increase of insanity, in that country, is attributable to the excessive use of intoxicating liquors, more especially beer. The good people of Cedarville do not coincide in the opinion of these scientists. Here, drunkenness is considered an evidence of lunacy, rather than the cause of it. A man drinks to excess because he is mentally deranged. As often occurs, scientists seem to have mistaken the cause for the effect.

A Chicago Judge claims to have discovered that the unprecedented increase of deposits in savings banks is a serious menace to our free institutions. It is possible that a fat-bank account may be "a serious menace" in Chicago, but in Cedarville, people don't turn pale with fear when an inordinate swelling of their bank account is noticeable. That is a kind of swelling for which a physician is seldom called to prescribe and persons so afflicted are rarely anxious for its abatement.

Harry Owens is in serious danger of becoming a literary celebrity, with little effort on his part. A few weeks ago he prepared an article for a local publication, describing the predicament of a certain young man, under rather embarrassing circumstances. The article did not appear in print, but came under the observation of a number of Harry's friends, who appreciated it so well, that now when anything really good appears in any of the local papers, its authorship is immediately attributed to Harry. Most people have a poor opinion of the ability of the local editor, anyhow, never crediting him with whatever of merit drops from his pen, so Harry may as well be accused of those things as any one.

Harry Strain, the well-driller, has an outfit of tools, worth about \$200, stuck fast in a hole in the ground, about three miles north of town. He was drilling a well out there for the school board and when down about 50 feet, the drill stuck and every effort made to pull the outfit up failed. Harry worked and schemed for about three weeks to become reposed of his property but to no purpose. A friend claimed to have dreamed of a way to recreate the buried property and seriously informed Harry that he believed if he tried it, it would prove successful. The well man was only too anxious to avail himself of every suggestion and said so. The friend then informed him that he had dreamed if the hole was pulled up the tools would come with it. Strain did not undertake to pull the hole up. But if any more of his factitious friends have other fool suggestions to make, they are in danger of seeing vicious more substantial than dreams. Later he procured other tools, another hole has been made on the same premises, a good supply of water having been secured at a depth of 78 feet.

Mrs. Eben Archer left Wednesday for a visit with her mother and brother at the Ashville Farm school, North Carolina.

William Blais is taking a week's vacation from his duties at Gray & Co's grocery. Harry Barber is working during his absence.

was cured without having a doctor. I  
consider it the best cholera medicine  
in the world." There is no need of  
employing a doctor when this remedy  
is used, for no doctor can prescribe  
better medicine for bowel complaint  
in any form either for children or  
adults. It never fails and is pleasant

Karl Ball Editor.

FRIDAY, AUGUST 21, 1903.

The Typog. phical Union has cap-  
tured Washington and there is an un-  
usual demand for all kinds of "sticks."

President Roosevelt is losing none  
of his enthusiasm for Cuban reciproc-  
ity, as every member of congress who  
visits Oyster Bay promptly learns.

The republican leaders are not  
sorely worried over Senator Morgan's  
announcement that the Alabama dem-  
ocrats will not support Mr. Roosevelt  
for president.

Proceedings are to be commenced  
against the baby-carriage trust. We  
imagine President Roosevelt and ex-  
President Cleveland will both heartily  
approve of the movement.

The fleet which attacked Bar Har-  
bor, Maine, has been captured by the  
United States' forces, and it is sus-  
pected that the Bar Harbor mermaids  
had something to do with the captiv-  
ating.

The news from the capital of the  
nation is very scarce at present, but  
it is only the lull before a storm.  
The coming session of congress prom-  
ises to be most interesting held for  
many years.

The president has written to Gov-  
ernor Durbin, of Indiana, a letter de-  
nouncing lynching. President Roose-  
velt never hesitates to express himself  
in favor of right, regardless of the  
opinions of politicians or factions.

The work of Federal irrigation goes  
steadily on and promises to become a  
monument to the president who said  
"Throughout our history the success  
of the homemaker has been but an-  
other name for the upbuilding of the  
nation."

The President is deeply interested  
in financial legislation but the gen-  
tlemen now in session in Providence,  
drafting a senate financial bill, should  
remember that Mr. Roosevelt is not  
wedded to the idea of a bill pleasing  
only the Wall street interests.

### End of Bitter Fight.

"Two physicians had a long and  
stubborn fight with an abscess on my  
right lung," writes J. P. Hughes of  
DuPont, Ga., "and gave me up. Every-  
body thought my time had come. As a  
last resort I tried Dr. King's New Dis-  
covery for Consumption. The benefit I  
received was striking and I was on my feet  
in a few days. Now I am entirely re-  
gained my health." It conquers all Coughs,  
Colds, Throat and Lung troubles.  
Guaranteed by all druggists. Price  
50c and \$1.00. Trial bottles free.

Boy Cured of Colic After Physicians'  
Treatment Had Failed.

My boy when four years old was  
taken with the colic and cramps in  
his stomach. I sent for the doctor  
and he injected morphine, but the  
child kept getting worse. I then gave  
him half a teaspoonful of Cham-  
berlain's Colic, Cholera and Diarrhoea  
Remedy, and in half an hour he was  
sleeping and soon recovered.—F. L.

Lumber company. For sale by C.

Wages are 60 per cent of the op-  
erating expense of railways.

### Suicide Prevented.

The startling announcement that a  
preventive of suicide had been discov-  
ered will interest many. A run down  
system, or despondency invariably  
precedes suicide and something has  
been found that will prevent that  
condition which makes suicide likely.  
As the first thought of self destruc-  
tion take Electric Bitters. It being  
a great tonic to the nervous system,  
strengthening the nerves and build up the

## INDIGESTION

"I was troubled with stom-  
ach trouble. Theodor's Black-  
draught did me more good  
in one week than all other  
doctor's medicine I took in a  
year."—MRS. SARAH M.  
SHEPHERD, Elmerville, Ind.

Theodor's Black Draught  
quickly invigorates the ac-  
tion of the stomach and  
cures even chronic cases of  
indigestion. If you will  
take a small dose of The-  
odor's Black Draught occa-  
sionally you will keep your  
stomach and liver in per-  
fect condition.

## THEODOR'S BLACK-DRAUGHT

More sickness is caused by  
constipation than by any  
other disease. Theodor's  
Black-draught not only re-  
lieves constipation but cures  
diarrhoea and dysentery and  
keeps the bowels regular.

All druggists sell  
it in small packages.

Theodor's Black-  
draught is the best medi-  
cine to regulate the bowels.  
I have ever used it.—MRS.  
A. M. GRANT, Sheela  
Ferry, N. C.

## FINER THAN EVER

Will Be the Ohio State Fair to Be Held at Columbus.

AUGUST 31, SEPT. 1, 2, 3, 4.

Beautiful and Attractive Will Eclipse All Former Exhibitions

FIVE FULL DAYS OF INTEREST.

Exposition Buildings Extensive in Proportion and Grandly Arranged For the Numerous Departments of the Fair—Special Features and High Class Attractions For Each Day Free to All—Fine Speed Programs.

The beauties and attractions of the Ohio State Fair Grounds at Columbus are many. The buildings that have been constructed upon them are grand in appearance, extensive in capacity, and most convenient in arrangement for exhibition purposes.

Any attempt to describe the grounds must be futile. They must be seen to be appreciated, and enjoyed they can not help but be by all who visit them and have in their nature a spark of love for the beautiful in nature intensified by the touch of art. Upon entering the grounds from either of the main gates, the picture begins to unfold, as the eye takes a general glance at the surroundings. Clean walks and hard gravel drives lead in every direction, winding about the massive buildings and courting the reserves of rich lawn and shaded retreats, conspicuous for grandeur and inviting for rest. The principal avenues are lined with large, healthy trees, the branches of which overlap and form a bower of beauty, delightful in appearance and refreshing.

Leading toward woman's building—Ohio State Fair.

ing to the patrons of the fair in winding their way from one point to another over the grounds. Glittering lakes on the bosom of which majestically float the finest specimens of water fowl, are encountered in three different portions of the grounds, and these attract and hold the attention of every passerby. The gently sloping banks surrounding these lakes are graced with ornamental shrubbery and flowering plants, and on the greenward shaded by trees, some rare and all perfect, the people find seats and lounging places; where, by the comfort afforded and the vision feast enjoyed, rest, recreation and the greatest pleasures are secured. The hum of the busy part of the fair is for the time forgotten, and the mind is prepared for the lessons to be unfolded or for the absorbing and storing of the knowledge imparted by the lessons gone through.

The exhibition buildings for each of the many departments of the fair rise in massive proportions amidst all these beauties of nature and landscape art and ornamentation, so conspicuous in every direction and so pronounced in their effect.

First is the great central group of buildings, seven in number, each separate and independent of the other, yet so constructed and arranged as to give, from a distance, the appearance of one immense structure, covering

THE GREAT HORSE EXPOSITION BUILDING—OHIO STATE FAIR. Several acres of ground. Each building of the group is equipped for a particular department and arranged for the best display of the exhibits belonging to the department, so that comparison may be intelligently made and the greatest good result from the object lessons presented. After viewing one distinct class of exhibits the visitor passes into another building where will be found an entirely different class of exhibits, and so on through all the buildings of the group, with never a confusion of ideas by reason of a conglomeration of exhibits that can only confuse those who seek knowledge from the articles and displays presented. Here, in the greatest completeness and in richness of presentation and arrangement, will be found the exhibits of farm products.

collections and county displays. The finest specimens of every field and garden crop will be shown. Orchard, greenhouse and flower garden production, is the finest display of fruit, the rarest and most beautiful of living plants and flowers and loads of cut flowers and floral designs.

The products of the scientific and practical dairy and demonstrations in the art of cheese and butter making, with all the machinery, tools and utensils used in the business.

Next may be seen the great department of mechanics and manufacturers' products, such as stoves, ranges, heaters, plumbers' goods and wares, house furnishings and general hardware. The endless variety of articles and displays in this division is always interesting to all visitors.

Another extremely rich and handsome division of the group of departments is that for carriages, buggies and all fine pleasure and light vehicles. This department has the reputation of being unequalled by any similar show conducted anywhere. While Columbus is the great center of the United States for carriage and buggy factories, the exhibit at the Ohio Fair represents factories from very many cities, attracted by the advantages of the fair and the lively competition for trade at this particular center.

An always interesting department is the one for merchandise and musical instruments, and this year it will be crowded to the utmost capacity with great variety of the richest and finest merchandise, tastefully arranged in fancy booths and attractive form. Here the visitor lingers long to admire the many beautiful displays and charming effects.

Not far from the group of central buildings with departments distributed as above, stands the woman's building. It is located in a pleasant portion of the grounds, with attractive approaches, surrounded by rich lawn. The building is devoted to exhibits representing the work of women, and is always a feature of the fair. This year many changes have been made in the interior arrangement of the building. New equipment has been provided and the premium

list so generally revised and added to that the department will be more interesting than ever before. It would require columns to describe the appearance of the great live stock buildings and their advantages for the care and exhibition of the different classes of animals. These buildings, one each for horses, cattle, sheep and swine, with a group of the four poultry, occupy a portion of the grounds, not too far distant from the other exhibition buildings, but sufficiently far away and unobstructed by other structures to make the live stock department a noticeable and most attractive division of the fair. The buildings are all substantial in structure and commodious in accommodations. They have already attracted wide attention and have been pronounced by exhibitors and visitors to be all that could possibly be desired for the purpose, and far surpassing the buildings ever seen at any other exposition, state, national or international.

During the fair these several buildings will be filled with representative animals, herds and flocks of the highest types of perfection of the different classes and of the different breeds. Competition for the many prizes offered will be spirited and interesting, as the animals are brought into the arena in attractive form, to be passed upon by the judges. The fanciers of pure-bred live stock will see

For particular information on the subject apply to ticket agent, E. S. Keyes.

Advertising is the fertilizer that prepares the ground for another and better crop.

## A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25c; regular size 75 cents, at all druggists.

## SUMMER OUTING.

Vacation trips to attractive places for outings, including popular summer resorts may be enjoyed at low fare by purchasing excursion tickets over the Pennsylvania Lines. A list of points which may be visited include the National Capital, Philadelphia, New York, Boston, the seashore, Niagara Falls, summer havens on the Great Lakes and in north Michigan, in Colorado and California, and cool retreats in the mountains.

The annual excursion to Niagara Falls over the Pennsylvania Lines will take place August 14. The fare will be especially low, and the return limit will be sufficient for enjoyable side trips to Canada.

Tickets to Chautauque Lake to Lake side and Put-in-Bay, to Potoskey, to Mackinac Island, to Traverse City, and the scores of cool retreats in north Michigan; to Devil's Lake and the Dells of Wisconsin, and to the attractive resorts of the northwest and west may be obtained at principal ticket offices of the Pennsylvania Lines, every day during the summer.

On July 6 to 8, inclusive, special low fares to Denver will be in effect for the Christian Endeavor Meeting. On July 15 and 16 tickets to Detroit will be sold at low fares for the Epworth League meeting. On July 31 to August 13 fares to San Francisco will be very low account the G. A. R. National Encampment, and on September 18, 19 and 20 a trip to Baltimore may be made account the I. O. O. F. meeting.

In fact opportunities are offered for outing at low fares via Pennsylvania Lines to any part of the country, particularly to the summer resort sections of the United States. Full information regarding low fares, time of trains, etc., will be furnished upon application to E. S. Keyes, Ticket agent, Cedarville.

WINONA LAKE, INDIANA. Delightful Summer Resort on the Pennsylvania Lines.

Indiana's famous summer resort, Winona Lake on the Pennsylvania Lines, is an attractive place for persons desiring to combine devotion, rest and recreation. This resort is the sight of Winona Assembly and Summer School, and is annually visited by many persons from all parts of the United States.

Beginning May 15th, the opening of the season at Winona Lake, excursion tickets to that resort will be placed on sale via Pennsylvania Lines.

For particular information about fares and time of trains apply to Ticket Agent of the Pennsylvania Lines, or to F. Van Dusen, Chief Assistant General Passenger Agent, Pittsburgh, Pa. Information about attractions at Winona Lake furnished in reply to inquiries addressed to Mr. S. C. Dickey, Secretary and General Manager.

## AN ORDINANCE

To Grant a Permit to The Springfield Southern and Cincinnati Railroad Company, to Construct and Operate a Street Railroad in Cedarville, Ohio, on the Streets Therein.

WHEREAS, THE SPRINGFIELD SOUTHERN & CINCINNATI RAILROAD COMPANY has obtained the consent in writing of the majority of the property holders upon each street or part thereof, on the line of Street Railroad hereinafter described, represented by the feet front of the property and the several streets along which such road is proposed to be constructed; and whereas, due public notice, of the application in writing, by it to Council, for leave to construct said line of Street Railroad, has been given, according to law, by the Clerk of said Village, and

WHEREAS, said The Springfield Southern & Cincinnati Railroad Company has agreed to carry passengers upon such proposed railroad at lower rates than have been offered by any other corporation, individual or individuals, viz: for single cash fare five (5) cents each; commutation tickets in packages of six (6) for twenty-five (25) cents, and packages of twenty-five (25) for not to exceed one (1) dollar for each package, now, therefore,

Be it ordained by the Village Council, of Cedarville, Ohio, as follows: SECTION 1. That permission be and is hereby granted to said Springfield Southern & Cincinnati Railroad Company, and its assigns, to construct, operate and maintain a single or double track Street Railroad, except as hereinafter provided, on the necessary streets, avenues, switches and turnouts, except as hereinafter provided, over and upon the following streets of said village, viz:

On Main street, from the North corporation line of Cedarville, Ohio, to the South side of the Williamson Road, and on the Williamson Road, from its intersection with Main Street to the South corporation line.

All tracks, side-tracks, rails, switches and turnouts here provided for shall be located in such portion of the streets or avenues as Council may direct, and when ordered by the Council the same shall be temporarily removed by said The Springfield Southern & Cincinnati Railroad Company, and its assigns, so as to permit the prosecution of any public work in which said village may be engaged.

Said The Springfield Southern & Cincinnati Railroad Company, and its assigns, is also hereby granted the right to erect and maintain poles and wires, suitable poles, also wires and attachments necessary and incident to the construction of a modern Street Railroad. Said wires shall be of best quality, not less than eighteen (18) feet above the street, and suspended in the safest and most approved manner. The location and height of all said poles and wires shall be subject to the approval of the Council of said Village, and no additional poles shall be erected upon any street or avenue without previous written consent of the Council of said Village, relative to the construction and operation of Street Railroads within its limits so far as applicable, and consistent with the provisions of this ordinance.

The use and occupation of said streets and avenues, as above provided, is granted to said The Springfield Southern & Cincinnati Railroad Company, and its assigns, subject to the laws of the State of Ohio, and to the ordinances of said Village, relative to the construction and operation of Street Railroads within its limits so far as applicable, and consistent with the provisions of this ordinance.

SECTION 2. That the time within which said line of street railroad shall be constructed, equipped and operated is hereby fixed at July 1st, 1904, and in the event said line of street railroad is not so constructed, equipped and operated by July 1st, 1904, then the ordinance shall be void as to any of said streets or avenues or parts thereof, upon which a line of street railroad is not so constructed, equipped and operated.

SECTION 3. This ordinance shall take effect and be in force from and after the earliest period allowed by law, provided said The Springfield Southern & Cincinnati Railroad Company, or assigns, shall within thirty (30) days from the date of the passage of this ordinance, file with the Clerk a written acceptance of this ordinance, together with all of its provisions, otherwise this ordinance shall be null and void.

Passed by the Council August 19, 1903. JOHN G. MCKINLEY, Village Clerk. D. H. McFARLAND, President of Village Council.

The foregoing franchise, together with all and singular its terms and stipulations, is hereby accepted this 19th day of August, 1903. THE SPRINGFIELD SOUTHERN & CINCINNATI RAILROAD COMPANY, By Geo. H. FERRY, JR., President.

"Last winter I suffered very much with rheumatism. I could neither walk nor ride on horseback nor do any farm work.

"I took medicine from different doctors but they did not do me any good. Then I tried Dodd's Kidney Pills, procured for me by a good friend. After I had taken the first box, I felt already a better; I was relieved of the pain and could walk and chop wood; and the contraction of my fingers began to resolve.

"Now since I have taken six more boxes of Dodd's Kidney Pills I feel well again and am able to do all the work on the farm."

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. F. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by J. F. Cheney & Co. Testimonials free. Sold by druggists, 75c per bottle. Hall's Family Pills are the best.

MADISON COUNTY FAIR.

County fairs seem to be the rage this year, and reports from everywhere in the state indicate them to be a success both in point of exhibit and attendance. The Madison county fair is to be held August 25, 26, 27, 28, at London. Word comes that the secretary, E. B. Ponce, that the entries are all that could be desired, especially for the speed program, which excels any yet on record in Madison county. The Fourth Regiment band of Columbus will furnish the music. Everything that can conduce to the comfort and convenience of visitors is being provided, and the Madison county fair will offer inducements in the way of a pleasant day which cannot be overlooked.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent filth, when Burns, Sores, Ulcers and Piles threaten. Only 25c at all druggists.

The champion trotting stallion, Greascus, will be at the Dayton fair grounds next Thursday, in an attempt to lower his own and the world's trotting record of 2:02 1/2.

Greascus began breaking records as a three-year-old and today holds more world's records than any horse, living or dead.

NOT OVER-WISE.

There is an old allegorical picture of a girl seated at a grass-hopper, but in the net of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by C. M. Ridgway.

Andy Myers, colored, was shot at his home near South Charleston, Sunday, by Deputy Sheriff Rupert. It is said that Myers robbed Charles Hayes, and Detective John Norris attempted the arrest but the fellow gave the officer a good beating. Sheriff Routzahn was notified and went to the scene and as he entered the yard the negro drew a revolver and as he did so Rupert fired at him, the bullet striking him in the shoulder. Myers is said to be a bad character and it is believed that he will not recover.
